

RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

CHUMUCKLA.

Special to The Journal.

Chumuckla, Oct. 30.—Mr. W. J. Williams and family of Milton who have been spending some time in this vicinity have returned to their home the regret of their many friends. We hope the health of the entire family has been benefited and that they may come again. Mr. Williams is the senior member of the firm of D. T. Williams & Co., of that place and is well known through West Florida, having held the important office of Tax Collector in Santa Rosa county for twenty-eight years.

Wiley J. McDavid who is well known to many Pensacolians is at home with his parents. When the yellow jack visited Pensacola Wiley left. He will return to the city as soon as Mr. Jack Frost becomes thoroughly acquainted in the city and yellow jack makes his disappearance.

Mr. Stephen J. Ellis of Century was a visitor to our town a few days ago. I do not know what his business was, but I think some of the other boys do.

Mr. W. A. McDavid who has charge of camp 10 for the Alger-Sullivan people, spent a couple of days with his family here a day or two ago.

Mr. Harry McDavid, one of Santa Rosa's most popular young men will leave Sunday to be absent a month or six weeks.

We regret to learn that Mr. R. I. Demore who is at present connected with the Polk, Turpentine Co., of Chumuckla, is going to leave us. He is a jolly good fellow and leaves a host of friends.

Mr. Will Dunaway and family of Canoe, Ala., are visiting Hon. Milton Watson's family of Chumuckla.

Rev. W. G. Miller has just closed a revival at Juniper Grove Chapel, which we hope has done great good.

WHAT'S THE USE

Experimenting

With unknown medicines when you can just as easily get Hostetter's. It has a 52 years record of cures back of it and is being taken by most everybody whose stomach is weak or bowels constipated.

HOSTETTER'S STOMACH BITTERS

should be your choice, too, because it will cure you. Try a bottle for indigestion, Dyspepsia, Heartburn, Cramps, Poor Appetite, or Insomnia and be convinced.

A HOT

WATER

BOTTLE STORY.

A man bought a hot water bottle at a "nine-cent" store for 50c. We wanted to charge him a dollar for a good one, and he said, "I have saved 50c." But the first time he used the bottle it leaked and the second time it came apart, and then he said, "Oh, that I had my money back," but he could not get it.

MORAL:

A dollar well spent is better than fifty cents badly saved. Our hot water bottles are made by a reliable firm, and are worth the price we ask because they last and won't leak. Every bottle guaranteed perfect. Prices \$1.00, \$1.25 and \$1.50, depending on size. Don't be like the man in the story.

OPENING OF THE SCHOOLS OF CITY

Will Occur To-Morrow, and Many Teachers Reached Home Yesterday.

The public schools of the city will open tomorrow, November 1st, and although it is not expected that the attendance will be large, the classes can nevertheless be organized and the work of the year begun.

Of course it was not expected that the opening attendance would be as large as on previous years, but it was decided to open the schools and commence the work, thus making it easier and getting better results than delaying the commencement of the school and thus losing some weeks from the regular term.

Yesterday a large force of fumigators began the work of fumigating the school buildings of the city with sulphur. This will be continued today and by tomorrow every school building in the city will have been well fumigated and ready for occupancy. This step has been taken as a precaution, but owing to the near arrival of cold weather it was not deemed necessary to screen the buildings.

The teachers of the various schools who have been absent from the city for several weeks, are beginning to return, and will be ready for the commencement of their labors tomorrow morning. Among those to reach here yesterday afternoon were Prof. J. B. Locke, principal, who, for several weeks has been in Century conducting the school term. Prof. L. B. Lockhart, assistant principal and instructor in mathematics, of No. 1; Miss Reese, Miss Houlette, Miss Virginia Snyder, and Miss Elma Macfar.

In fact, Superintendent Cook stated yesterday afternoon that with a few exceptions all of the instructors in the city schools are now in the city.

WHEN STAMPS WERE NEW.

Trouble in Getting People to Stick Them on the Envelope.

"When postage stamps first came into use," said a veteran postal clerk, "the public didn't know how to handle them. You remember how, when tea and coffee first appeared among us, the people tried the tea leaves and the coffee berries and served them with salt and pepper? Well, the people treated their stamps as absurdly in 1854.

"Some folks would put the stamps inside their letters, out of sight. Here is the official notice that we issued to stop that practice."

"The clerk took from the drawer an aged bulletin that said: 'The stamps upon all letters and packages must be affixed on the outside thereof and above the address thereon.'"

"He put back this bulletin and drew forth another one. 'People would pin the stamps on their letters instead of gumming them,' he said, 'and when they did gum them they would not do it right; hence this second bulletin,' and he read:

"Persons posting letters should affix the requisite number of stamps previous to depositing them in the letter receivers, as when posted in a damp state the stamps are liable to rub off and thereby cause the letters to be treated as unpaid. Do not pin on the stamps."

"Still," said the clerk, "the public didn't understand. Think of it—it didn't understand the simple matter of sticking a postage stamp on a letter. So we got out a third bulletin."

"The third bulletin, in big, impatient letters, said: 'The simplest and most effectual method of causing stamps to adhere firmly is first to moisten well the outside of the stamps and afterward the gummed side slightly, taking care not to remove the gum.'"

"The clerk said that a philatelist had offered him \$12 apiece for these three queer bulletins.—Galveston Tribune.

HAD CATARRH

FOR FIFTEEN YEARS AND DREAD-ED CONSUMPTION.

Mr. Arthur Gaul, of Wellsville, Ohio, writes: "I wish every one suffering from catarrh or bronchial troubles knew the value of Vinol. Before taking it I had catarrh for fifteen years and for the last year I had a pain in my lungs and coughed night and day, which caused me to lose flesh. I felt sure I was going into consumption, as nothing seemed to help me."

"Vinol was recommended, and after taking four bottles I am entirely cured. I would not take \$1000 for the good it has done me. I wish I could persuade everybody who suffers from catarrh and bronchial troubles, or who dreads consumption, to try Vinol."

"To further convince the people of Pensacola in regard to the value of Vinol, we, W. H. White & Co., declare it to be the most valuable preparation of cod liver oil for all wasting diseases, the greatest health restorer and strength creator for the weak, the convalescent and the aged which we have ever sold."

"We can only ask every person in Pensacola to try Vinol on our guarantee to return their money if it fails. This is a fair, honest offer on which you cannot lose." W. H. White & Co., druggists.

HAMLINS

WIZARD OIL

is a treatment which affords a positive cure for rheumatism and allied diseases.

Applied externally, it relieves the pain at once. Taken internally, it cures permanently by purifying the blood of the lactic acid which causes the disease.

Anthony Smith, of Mayville, Ill., says: "I had such severe rheumatic pains in my arm and shoulder that I could neither work nor sleep and was fast losing all hope of cure, when I heard of and tried Hamlin's Wizard Oil, two bottles of which performed a perfect, permanent cure." Price, 50c and \$1.

WILLING TO HELP MISS ROOSEVELT

PENSACOLIAN OFFERS TO SUBSCRIBE \$25 TOWARDS DUTY ON PRESENTS.

The following self-explanatory communication appeared in a recent issue of the Atlanta News:

Editor The News: President Roosevelt has said that his daughter must pay duty on all her presents like any other individual. Well said.

We have been informed that neither Mr. Roosevelt nor his daughter are wealthy. We know the young lady could not afford to give up her presents. We also know that \$60,000 represents a small fortune.

It seems to me that all the honors bestowed upon Miss Roosevelt and all presents given her were not only because her name was Alice Roosevelt, but she also happened to be a daughter of the president of this great United States of America, that she by her pleasant and democratic ways gained the friendship and good will of foreign lands in which she did travel, should be an honor to every American.

I notice in one of my home papers (Pensacola Journal) that a movement is on foot in Atlanta (Atlanta is always ahead, any how) to raise by public subscription the required amount of \$60,000.

You will please, when the list comes to you, subscribe in my name, C. Thiesen, Pensacola, Fla., \$25. Same will be sent you at your request for that purpose. I am at present here in Rome, with my family, but hope the prevailing fever in Pensacola will soon be a thing of the past so that we again can venture homeward.

Knowing your valuable paper will use its influence in all great causes, I am respectfully yours, Rome, Ga. C. THIESEN.

Quaint Prayers.

The chief of the Leslies is said to have prayed before a battle: "Be on our side. An gin ye canna be on our side, aye lay low a bit, an' ye'll see theae carles get a-hidin' that must please ye." An old covenanter, who ruled his household with a rod of iron, is said to have prayed in all sincerity at family worship: "O Lord, have a care o' Rob, for he is on the great deep, an' thou holdest it in the hollow o' thy hand. An' hne a care o' Jamie, for he line gone to fight the enemies o' his country, an' the outcome o' the battle is wi' thee. But ye need na fash o' yersel' wi' wee Willy, for I hae him here, an' I'm cawpable o' lookin' after him mysel'."

Careless of Honors.

Pastor Kneipp, the famous discoverer of the "barefoot cure," who was appointed chamberlain by the pope, cared little for the honor. He did not even take the trouble to open the letter announcing the appointment and first learned of the honor conferred upon him by the arrival of a deputation at the Woersbolen cloister to congratulate him. He declined to be addressed, however, as "monsignore." It was with difficulty that he was persuaded to leave his retreat to go to Rome to thank the pope.

Basis of His Esteem. "It is proper to respect an office under the government," said the patriotic citizen, "even if you do not happen to approve of the man who holds it." "Of course," answered Senator Sorghum. "It is to the office that the salary and perquisites are attached, not to the individual."—Washington Star.

WOULD NOT PLAY GAME WITH NEGRO

Pensacola Boy on Columbia Team Refused to Play With Colored Opponent.

In the following special dispatch to the Times-Democrat, the young man who is mentioned as refusing to play football because of the presence of a negro on the opposing team, is young Wm. Fisher of Pensacola:

Draws Color Line. New York, Oct. 18.—With the hardest game that has been scheduled thus far this season but a few days off, the Columbia football squad is due for some hard work before it lines up against Amherst on Saturday.

The Blue and White is in fair condition for the contest, though some of the best players will hardly be in the game because of injuries. A peculiar situation has arisen, due to the fact that the Amherst team has two negroes as players. Fisher, the star end of the Columbia aggregation, has refused to play because of this. In the Wesleyan game there was a negro on the Methodist eleven, and it was with difficulty that he was induced to enter the game at all. In the Amherst contest it is understood that Fisher would have to play against a negro at the end position. There is small chance that he will reconsider his decision.

ENGINEER'S LAST RUN.

His Story of How He Lived His Life All Over in a Flash.

"Drowning is not the only experience that causes a man to read his own biography in the flash of a second," said F. C. Roberts, a locomotive engineer.

"I was running on the passenger trains between Atlanta and Macon several years ago, and I was to meet the northbound train at a certain station on the road. Well, it was all my fault. I hadn't slept any for five nights, and the only rest I had was in my cab. The last stop that we made before this experience of which I speak the fireman had to wake me up when the signal to go ahead was received. I had gone to sleep in my cab.

"As we approached the next station the conductor may have signaled me, as he claimed he did, but we dashed through the town at about forty miles an hour before I heard the down break signal. The minute I heard it I saw the headlight of the northbound train less than 300 yards away, coming around a curve. I threw on the air brakes and reversed, but it all looked too late. The fireman jumped, but I was paralyzed. The two great engines, one bearing a special train, rushed together like angry bulls, and I was frozen there, and while those trains rushed together I saw every incident of my life just as plainly as the day it happened. That's all I know about it."

"They took me to the hospital, and nine days later I woke up after a spell of brain fever. The trains stopped so close together the pilots were sprung out of place, but otherwise there was no damage. They had to get a new engineer before my train pulled out, though, and that was the last time I ever pulled a throttle."—Louisville Courier-Journal.

LETTER WRITING.

Use only black ink. Do not write long business letters. Do not write brief letters of friendship.

Do not offer advice unless you are asked for it. Never use words with which you are not familiar.

Do not fill your letters with lengthy excuses for your silence.

Always use unruled paper of fine texture. Avoid a pronounced color.

Never write of anything anything which you would not wish him to see.

Under no circumstances send half a sheet of paper, even for the briefest note.

Never begin your letter with the statement that you have little time for correspondence.

Do not write of personal or other important matters to strangers or ordinary acquaintances.

Do not send an important message on a postal card and never use them for notes of invitation.—Men and Women.

OLD AGE.

Comes to Everyone, But Its Visits May Be Postponed.

Old age is not a question of years. Some men are old at forty, others are young at sixty.

It's a mighty hard proposition to look young, no matter how young you feel if your hair is falling out and your head becoming bald.

Perhaps you are tired trying ineffective remedies for this evil. We don't blame you if you are.

Why not try an effective one for a change.
